

BERKHAMSTED 2011 PROPERTY SURVEY

LONDON ROAD TO GOSSOMS END

NOT TO SCALE

Census

Berkhamsted 2011 Property Occupancy Survey

2011 was a national census year and it seemed appropriate that an occupation survey should be carried out on properties in Berkhamsted High Street.

The occupants of shops and offices are constantly changing even during the course of the six month survey many changes took place.

The chosen area, which includes the densest populated premises, extends from Bank Mill Lane in the East to Eddy Street in the West. Berkhamsted High Street changes into London Road, East of Swing Gate Lane and into Gossoms End, West of Stag Lane.

Where possible postal numbers are included but these are not necessarily in numerical sequence due to previous allowances for vacant sites and also redeveloped ones.

The survey was carried out by members of Berkhamsted Local History and Museum Society.
